

# AMS INTERMEDIATE MX TIRE

## OF-100F / OF-101R

### AMS is pleased to introduce the new AMS Off-Road Motorcycle tire, MX-INT

- AMS has given this tire all the newest technology needed for today's most demanding motocross and off-road applications
- The tire is compounded with a special natural rubber compound that delivers the traction needed without reduced tread life
- The aggressive knobs provide excellent grip and traction in the most challenging and changing conditions
- Designed to work best in Intermediate to Hard terrain
- The lightweight carcass reduces the unsprung weight and provides more effective hookup, acceleration and steering for maximum performance with excellent stability and braking power
